4 MEN NEEDED TO LIFT

U. S. ARMY STORES BURN

AT DEPOT NEAR COBLENZ

COBLENZ, June 24.-Four large

warehouses and the American quar-termaster's depot at Berndorf, near here, were burnd and large supplies

were dstroyd last night. German fire departments from Coblenz and Ben-

dorf gave every assistance to the 7,000 soldiers called out to help con-

trol the flames and to prevent pil-

laging. The loss is estimated at several hundred mousand dollars.

installed.)

Attempt to Use Pontiff's Name For Advertising to Be Denounced in Magazine.

Denial that Pope Benedict XV gave ained in evidence submitted to the bia, which the Knights will issue beginning with August. In an ar-ticle entitled "Confessions of a Patent Medicine Promoter," the writer, a man intimate with the methods of atent medicine concerns in securing ionials, states that in his opin on the one personage in the world ho could never be approached for patent medicine testimonial is the

He states it is his belief that the has never heard of the nostrum which, through carefully de-signed publicity, was made to appear tonic used by the Supreme "was nothing but a statement from the Vatican laboratory that the product in question contained no harmful ingerient. And the genial Vatican body with a similar statement regarding harmless products if they

In his article he adds that many patent medicine testimonials are secured by the use of names on obsolete tombstones in remote graveyards and that prohibition has made the securing of testimonials far more difficult than in the wet era, as bar-tenders were the most prolific and ersatile of testimonial writers.

Island Before Taking Fleet Division.

ANNAPOLIS, Md., June 25 .- While Admiral Henry B. Wilson is not expected to assume his duties as superntendent of the Naval Academy until after the first of July, most of the important changes in the officials of the academy, which have been recently ordered, took place during the Chief of these is the deachent of Rear Admiral Archibald H. or more than two years.

dmiral Scales left Annapolis on three children, for Jamestown, R. L. he will spend a brief leave bemander of the Seventh division of e Atlantic fleet, to which he has of rear admiral has been conferred on the former superintendent.

his duties as commandant of midshipmen, the second position in importance and rank at the academy, relieving Capt. Wat T. Cluverius. Comdr. Wilbur R. Van Auken has assumed charge of the department of ordnance and gunnery, relieving Comdr. Asthur P. Fairfield. Lieut. Comdr. Mahlon R. Tisdale has relieved Comdr. John S. Abbott as aid

to the superintendent. Until the arrival of Admiral Wilson

and his assumption of the duties of superintendent, Capt. John J. Halligan, officer in charge of the naval experiment station here, will be acting superintendent.

HONOR WEST VIRGINIA

ROTARIAN IN SCOTLAND GRAFTON, W. Va., June 25 .- At

the regular weekly meeting of the Rotary Club here it was announced that the Rev. Richard Aspinall, Bible instructor at West Virginia Wesleyan College, Buckhannon, and retary governor of this district, had been eleced first vice president of the International Association of Rotary Clubs at the convention in Edinburg,

Scotland The Rev. Aspinall represented the district and Dr. Charles E. Sinsel represented the Grafton Rotary Club at the international meet.

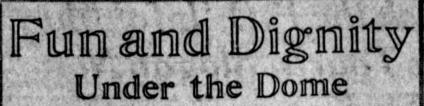

WOMEN ADOPT DRESS AS WELL AS HABITS OF MEN

LONDON, June 25 .- British women are losing womanliness and are adopting the dress as well as the habits of according to Mrs. Rosita Forbes, the famous explorer.

While clergimen are denouncing women for their drinking, smoking and swearing Mrs. Forbes deplores most the custom of cutting off the hair and the adoption of mannish garb

The House is now scoring so effec-tively on the Senate in their legis-lative differences that the August lative differences that the August leaders of the upper chamber are

Two great appropriation bills, the American patent medicine is con- army and navy measures, were in the Knights of Columbus for publication and Senate threshing out their varying the new national magazine, Columbia, which the Knights will issue both of these bills the House displayed an obstinacy and tenacity of purpose that amazed the Senate, and forced the latter to recede on practically

> House scored over the Senate, cutting down the naval personnel to approximately 108,000, and excising more than \$90,000,000 from the Senate bill; likewise the army bill as the Senate framed it was ripped up in conference to suit the wishes of the lower house.

providing for beginning the develop-ment of electric power at Great Falls. Thereupon Senator Norris of Ne-braska read the riot act to the Senate —particularly Senator Wadsworth, chairman of the Mills of Market chairman of the Military Affairs Committee-for more than two hours, jumped all over the "reactionaries," and prophesied the day when the people would cry, "to h- with both press amendments to the Esch-Cumparties; we're going to try something mins railroad act immediately, re-

t The suave Wadsworth replied to Norris, and blamed the whole trouble on the fact that the House conble on the fact that the House con- introduced by Senator LaFollette: ferees, armed with new authority. One designed to repeal provisions for caught the Senate conferees at a disadvantage; and said the Senate was in for further trouble with the House store intrastate rates to exclusive unless it changed its rules to cope store intrastate rates to exclusive with the new situation that had arisen State jurisdiction, and to authorize with the new situation that had arisen freight rate-making regardless of in conference procedure, Judging from bills were slashed generally, there is a good deal in what Schator Wadsworth said; but it may be predicted, the Senate will not knuckle down to (Note: There is no longer any certhe House much longer in these mat-

nest in the Senate with his proposal that big taxation revision be given the right of way in Congress over the Spending Vacation in Rhode tariff. It is conceded that this is the procedure desired by business inter-ests, who are despairing of setting rid of the excess profits and high income surtaxes otherwise in time to go into effect with the calendar year of 1922. Nevertheless, it is generally held that the proposal is impractical and that it won't get anywhere. MONDAY.

The soldier bonus bill was reported favorably by the Finance Committee • • Strong opposition to the measure has developed, Senator Borah sounding the keynote when he "This bill is a mere makeshift. It is absurd to say that we can discharge our debt to the American soldier by the paltry sum mentioned in this bill. The one legical and honorpurse, is to tell the veterans that we annot take up the bonus proposal

The bonus bill probably commands but it may not be pressed to a vote heavily for the literal accuracy of the at this time. The Senate is wilting Bible in the passage where it declares rapidly in the opening stanzas of day recess plan, while the House is tinkering with the tariff bill, is not Senator Willis Introduced a new

"anti-beer" bill. In the House the new Volstead bill struck a snag in the Rules Committee. Republican insurgency in the House

the Fordney tariff bill is already out of bounds, and the leaders are alarmed over the prospect. Congressman Fordney rushed to the White House to enlist the aid of tal adornments. When they got through, President Harding for the lumber Dr. Danforth said, they had found out schedule, which threatens to become that women have just as heavy beards the "Schedule K" of this year of as men but their visibility is so much tariff-making. A party caucus has lower that it took Dr. Danforth's census been called, the plan being to clamp to bring this interesting fact to light. insurgency down tight before the bill gets to the floor of the House.

TUESDAY. "Rigging" of the cotton market was denounced by Senator Smith of South Carolina; the Federal Reserve

Board again came in for its regular 'panning" from Southern Senators. Japanese in Hawali are making a drive to wrest control of the territory from its white population, according to Walter F. Dillingham, representing the white Hawaiian planters, before the Immigration Committee.

A Senate bill authorizing the War Department to furnish American soldiers and their wives and children their profiles against the sunlight. who are destitute in Europe or Siberia, free subsistence and transportation to the United States was passed by the House.

WEDNESDAY. Senator Johnson finally succeeded in persuading the Senate to pass his resolution providing for an investigation into the strike troubles at Mingo, W. Va. Senator King, however, insisted on further delay, and

entered a motion to reconsider the vote, so the Mingo resolution was not finally enacted until Thursday.

The Senate District Committee had a big day-reporting out Senator

Large Force of Officers on Hand to Give Instruction in Military Tactics.

ANNAPOLIS, Md., June 25.-All Senator Penrose introduced a bill records will be exceeded in the forembodying the plans of Secretary of the Treasury Melion for refunding war loans made to the aities. Under the terms of the bill the Treasury would be granted unrestricted au-Academy, and it is expected that it will reach the number of about 800

the terms of the bill the Treasury will reach the number of about so within ten days. It is possible to ebuilt the thouse displayed an obstinacy and tenacity of purpose that amazed the Senate, and forced the latter to recede on 'practically every important point in the controversy.

The "little navy" forces in the House scored over the Senate, cutting down the naval personnel to approximately 108,000, and excising more than \$90,000,000 from the Senate bill; likewise the army bill as the Senate framed it was ripped up in conference to suit the wishes of the lower house.

NORRIS READS RIOT ACT.

One of the items that the House loped of was the Senate amendment providing for beginning the develop.

The tream of the bill the Treasury with the scale of a change in the sequent of authority to receptver or extend loans or lithority to receptver or cardial unit to recept and to extend loans or lithor the method of physical examination, greatly expediting the work of the examining board, and also because of the lithory. The method of physical examination, greatly expeditio be made against it. Conferees on the naval bill reachexamined daily, while not more than a third of that number could be examined under the old method.

The new system also proves a great boon to the candidates for the The "agricultural bloc," comprising twenty-two determined Senators from mental tests make the trip to Anthe farming States, determined to States; to find that they are not fitted physically for the service. This will obviated in almost every case, though there have been a few instances where the local board declined to approve youths who had been ecruiting station. This will be very rare, however.

NO EXTRA EXAMINATION. It was stated at the Academy that

Here is no likelihood of an extra examination, as the new class It will number at least 800, and will bring the entire student body up to nearly 2,500. This is slightly above when summer sets in, inasmuch as the normal accommodations of Ban-Senator Thomas' wig is absent, but croft Hall, and that great building will be taxed to the sutmost. The he first week in July, though a few, whose cases are special, will be admitted later.

In view of its early completion, the new class should be further advanced by the beginning of the new academic year, October 1, than any which has preceded it. It has been the rule to during the whole summer, the last not entering the Academy until September. This held back much of the training of the new class, and splended results are expected from having nearthe whole class together for nearly all the summer.

Women Have Just as Many The nucleus of the new class was fifty-eight former members of the present third class who did not complete last year's work satisfactorily, and who either resigned and resenand who either resigned and recen-tered the Academy or were turned con-back into the new class. All of these NEW YORK, June 25 .- While fifty fellow scientists sat on straw mats are on the practice cruise to Eurothe pine trees at Cold Spring pean waters to terry ad' Harbor, L.
